TEQUILAS, MEZCAL & SOTOL

Among popular brands not listed here, we recommend the following selections from distillers and jimadores who value the vital role of tequila in Mexican culture. Like fine wines, the best tequilas are not on billboards or in gimmicky bottles. In an industry dramatically changing to meet surging demand, many formerly great brands are now mere shadows of what they once were. We support those striving to preserve the essence of this superb spirit.
